

Ottawa-Hull 1999 Christmas Bird Count results

This year's Ottawa-Hull CBC was held on 19 December. The count was carried out by 83 observers in the field and 47 feeder watchers. The weather cooperated and the meal at the compilation session, hosted by Club des ornithologues de l'Outaouais, completed a great birding day.

Results are tallied in the table below. *Record highs* are in **RED** in the "Total" column. *Unusual species* are noted in **GREEN** in the "Species" column.

The "**Total**" column includes overlap among the areas; therefore rows do not always add up.
