

# Dogs on Leash at Fletcher

Dear **dog walkers**, Fletcher Wildlife Garden is **not** a free-run dog park. It is one of Agriculture and Agri-food Canada's properties and therefore all dogs must be kept on leash. Furthermore, coyotes (see below) could attack or pass on a disease to your dog, or your loose dog could attack and injure or kill a wild animal (rabbit, groundhog, squirrel) that inhabits the property. Rabbits were killed by dogs last year!

**Please keep your dog  
leashed.**
