

# Visual and Sound Wildlife Quests at Mer Bleue, Dolman Ridge Road

## Summer version

**Park at the lot on Dolman-Ridge Road, 1 km from Anderson Road. There is a bird feeder that is only filled in winter. It is also the start of the Dewberry Trail. This hunt proceeds east from the parking lot, down a closed part of the road. There are ticks in the area so stay on the road from tall grasses. Dogs are permitted.**
