

Visual and Sound Wildlife Quests for Ottawa-Gatineau

Spring version

You should be able to find most of these animals and plants in and around the Ottawa-Gatineau region. Note, unlike scavenger hunts you should not collect specimens. You just need to see or hear the items on the lists. There's a place for wildlife that are not listed. Enjoy.

For other quests go to our website: ofnc.ca/quests

Sound Quest (listen for these)

- Ring-billed Gull
- Red-winged Blackbird
